

JANUARY 2010 STATEWIDE STORM EVENT

EMERGENCY OPERATION CENTER ACTIVATIONS

The State Operation Center (SOC) was reactivated at 8:00 AM, 01/21/10 and will remain activated until further notice. The Business and Utilities Operations Center (BUOC) is activated within the SOC.

The CDPH/EMSA Joint Emergency Operations Center (JEOC) is activated for response to the severe weather, earthquake in Haiti and H1N1. Hours of operations are 8:00 AM to 5:00 PM on weekdays.

Inland:

City of Chico Emergency Operational Area Emergency Operations Center (OA EOC) activated at 3:00 PM, 01/20/10 to handle power outages in the area.

The Inland Region Operational Areas continue to monitor storm activities and provide information to the operational areas for their preparation, mitigation and planning efforts.

Coastal:

The Coastal Region Operational Areas continue to monitor storm activities and provide information to the operational areas for their preparation, mitigation and planning efforts.

Southern:

Southern Regional Emergency Operations Center (REOC) was minimally staffed overnight and will fully activate at 8:00 AM this morning, 01/21/10. The Southern REOC continues to host conference calls with the Operational Areas (OA) and National Weather Service (NWS) offices that serve Southern California to discuss the series of storms forecast and the impacts on the various counties.

- Ventura County OA EOC activated at 6:00 AM this morning, 1/21/10.
- Los Angeles OA EOC activated at 7:00 AM today, 1/21/10
